"Wendy is my recommendation to anyone looking to buy a home. She helped us buy our first home, which was a new build. She took the time to get to know us and what we wanted in our first home. Wendy was very responsive to all our many questions and just made entire process very smooth and comfortable for us. I have recommended family and friends to call on Wendy and she's taken great care of them all."

"Wendy Gay has a broad range of Real Estate experience that puts her at the top in her field. The added knowledge of having worked for Builders, Developers and Real Estate Brokers gives her a depth of perspective on construction and land that very few possess. Don't let that cute smile and warm personality fool you. Wendy has a great work ethic and can be a "bull dog" for her client. Her business principles are guided by a higher authority. Best of all she knows this market and understands the give and take of sales that produces Wins for everyone."

"I've worked with a lot of realtors and Wendy Gay is, without question, the best I've ever had. She is attentive, she returns my calls promptly and she became very in tune with my family's needs while on our home search. I could not imagine using any other realtor in the Pine Belt because not only is she the best realtor I have ever had but she has also become one of my very best friends. She has far exceeded my expectations of what a Realtor should be!"
